

[March 29, 2016 - Issue 187](#)

New Regulations

Over the last two months, China has been busy releasing new legislation that will affect the dietary supplement and overall nutritional health product industry.

To ensure that you all have insight to these new regulations, this issue is dedicated to reminding you of the association's "*Regulatory Updates*" section located on its website. Official regulatory documents are translated by the association's team and posted for your benefit. Please click [HERE](#) to view the latest documents.
